Hetty HET200A AutoSave

Hetty (short for Henrietta) is not just a pretty face, she has all the Henry features and specification: giant Twinflo', long life, 2-stage motors, coupled with our unique AutoSave technology, high efficiency filtration and HepaFlo' dust control. If Henry's got it, so has Hetty, but now she will even flutter her eyelashes!

Twinflo'

The AutoSave system means that every time you switch on you will automatically start on the economy setting, only if more power is needed to cope with extra dirt do you need to push the red switch to operate in Hi mode. When you see the red light you know you are in the Hi mode so when you go onto hard floors or deep carpets or don't need maximum power, push the red switch again and you are back to economy.

Like Henry himself, Hetty has a comprehensive, high performance, long life, accessory kit and a full range of optional accessories which add even further to her versatility.

Now you have a choice of machine, Henry or a girl Henry called Hetty.

Motor	Power	Airflow	Suction	Capacity	Range	Weight	Dimensions
Hi - 1200W Lo - 600W	230V AC 50/60Hz	42 litres/sec Hi-Flo	Hi - 2500mm Lo - 1500mm	9 litres	26.8m	6.9Kgs	340 x 340 x 370mm
